

OUR COMMITMENT TO YOU

We fully recognize that our team and guests are the true **heart and soul** of Meet Hospitality. We are prioritizing **health, wellness, and care** in our enhanced **Meet Safety Promise**:

Meet Hospitality continually monitors and evolves the Meet Safety Promise based on the CDC guidelines, state and local advisories and the NYC: Stay Well Pledge. As of August 17th, Meet Hospitality will follow the [Key to NYC Guidelines](#) requiring proof of vaccination for all employees and event attendees.

Employees and Guests:

- Health screening and vaccination confirmation/monitoring for all employees is handled by the corporate offices of Meet Hospitality. All CDC guidelines and local advisories are taken into consideration.
- Meet Hospitality Staff at each venue will confirm vaccination status and identification for each meeting/event attendee using the approved proof of verification forms outlined in the [Key to NYC](#).
- Per the current CDC guidelines, it is recommended to wear a mask, including vaccinated individuals, when in an area of substantial or high transmission. Up-to-date transmission rates for New York City can be found [here](#).

Spaces:

- All Meet Hospitality spaces have flexible seating and socially distanced options available (but no longer required by current guidelines).
- Safety tools are available as desired if companies have a heightened policy including Plexiglass dividers, additional directional signage, PPE, and more.

Cleaning:

- We will continue to clean and sanitize the entire space following every meeting.
- High-touch areas and restrooms are disinfected every hour.
- As always, staff wears gloves and follow all food safety requirements for food and beverage service.
- Hand Sanitizer and disinfectant wipes are available for guests and staff.
